**Fixing Kits:**

Because of all the design / fixing combinations that Kudos shower screens offer, they are **NOT SUPPLIED** with fixings / bracing bars. Therefore, you need to separately purchase a fixing / bracing bar suitable for your installation.

The most popular type of fixing for any shower screen is the wall fixing, so that the shower screen can be mounted against a wall. This can be easily added to your order by selecting the option near the 'Buy Now' button above.

In most 'wall mounted' installations you will wish to add a stabilising bar to the screen as well, Kudos offer three types:

These can be purchased separately, by clicking on the appropriate products below or going to: [Kudos Fixings](#)
