Description

The 4iE is a Smart WiFi Thermostat controlled from smartphone, tablet or computer and suggests ways to save energy

Controlled from a smartphone, tablet or computer, the 4iE Smart WiFi thermostat learns how you use your heating and the unique way your house reacts. It automatically suggests ways for you to save energy, like what temperature you should set for when you're not home and times you can turn the heating off early.

The smart ways the 4iE finds to heat your home more efficiently could save you up to £200 on the average UK energy bill.

Warmup are independent from the energy suppliers so the 4iE also works in the background to find better energy tariffs for you, which could save you up to £380 in addition to the savings you get from your lower energy usage.

Designed to look great in contemporary and traditionally styled homes, it learns how homeowners use their heating and the unique way each zone reacts. It uses this knowledge to suggest ways to save energy, such as what temperature should be set when the area is not in use and when the heating can be turned off earlier with no noticeable impact on comfort levels.

The 4iE offers many features and benefits that make it stand out from other smart thermostats, offering important advantages to the homeowner:

Key Features and Benefits

- Energy saving advice - The 4iE finds you lower energy tariffs and smart ways to lower your usage. You can view your energy costs with graphical displays and comparisons
- Smartphone control - Use your smartphone, tablet or computer to control your heating online. Smart Overrides™ give quick, intuitive control of your heating. No need to reprogram if your routine changes
- Learning mode - You can set the 4iE to learn how you use your heating and it will program itself, adjusting start times based on current temperatures to ensure your home is up to temperature at the right time
- WarmApps™ - Get apps on your 4iE like traffic alerts and transport delays for your journey. Even upload a photo background to personalise your 4iE
- 3 years guarantee with Extended Lifetime Warranty available
