Description

The **wedi Sanwell niches** create additional shelf spaces in the shower and bathroom. They offer space for a multitude of shower products or individual decorating ideas. Furthermore, they are available in a variety of formats and are compatible with the standard wedi system solutions.

They are perfect, aesthetically pleasing storage solutions for wet rooms, bathrooms and showers. They provide an easy to maintain storage space for shower accessories, whilst providing a decorative element, without compromising on floor space. Sandwell wall niches interlock with all other wedi elements.
